WHO TO CONTACT:

EVERGREEN BOYS & GIRLS STATE

A WEEK THAT SHAPES A LIFETIME!

SUMMER STARTS AT EVERGREEN BOYS & GIRLS STATE

Imagine a week where you and other ambitious high school juniors from across Washington literally create and run your own city, county, and state. You'll file for elections and campaign for office, form political parties and build a platform of ideas, and even draft and pass laws to tackle realistic community problems.

GAIN REAL-WORLD LEADERSHIP SKILLS

It's fast-paced, real, and eye-opening. One morning, you might be mayor of your city; by afternoon, you're debating planks for your political party's platform. Along the way, you'll gain a first-hand understanding of how decisions are made and discover your own leadership style under pressure. And yes – it's as exciting and fun as it sounds.
